

Dear Parents,

During the course of the school year, your child will be receiving paper books. These books are yours to keep. Your child will read, read, and reread these books. In order to find these books easily please have your child color and cut out the book box label below. Find a shoebox or some kind of box at home to put this label on. Store the box in a safe place that can be easily accessed during the course of the school year. Thanks for your support in this great project!

My Book Box
